

# KATHERINE WALKER

269.501.3608 | kat@kat-walker.com | www.kat-walker.com | www.remote-galaxy.com

## OBJECTIVE

Obtain a full time position with a company that will allow me to be creative, while at the same time allowing me to grow and further develop management, teamwork and organizational skills.

## EDUCATION

### **Savannah College of Art & Design, Savannah, Georgia**

09/2005 — 05/2009

*Bachelor of Fine Arts in Visual Effects, 3.4/4.0 GPA upon graduation*

- Focused in Motion Capture Technology, learning and perfecting the process of capturing human body movements and translating them onto a digital character
- Dean's list for three quarters, superior standing for two quarters
- Used a full body marker set during capture sessions, including a setup outside of the provided school materials with additional markers on all ten fingers that I created myself and attached to a full suit
- Worked with a variety of film equipment, including Panasonic's DVX 100, green/blue screens, and lighting equipment
- Studied Metals and Jewelry and Graphic Design as electives in addition to my major

## TECHNICAL SKILLS

- Proficient in the following programs: Vicon iQ, Maya, Adobe Creative Suite, Microsoft Office
- Comfortable using Motionbuilder, Houdini, Final Cut Pro and QuickBooks and familiar with Shake and Renderman
- Have knowledge of the following programming languages: HTML, ASP, CSS, Visual Basic, PHP, Python and Bash
- Experience working with Windows, Linux and Mac operating systems

## EMPLOYMENT HISTORY

### **ImPress Supervisor, OfficeMax**

11/2009 — Present

*Austin, TX*

- Responsible for meeting a sales goal of \$30,000 per month in the print and document services department, exceeded yearly goal in 2010 by over 10%
- Promoted twice within the first five months of employment
- Manage and directly oversee the work of three employees, train and re-train employees as needed and interview potential candidates
- Lead team communication on a daily basis to accomplish many specific, detail oriented customer projects
- Work independently during the day to handle multiple customers at once, meet tight deadlines, and complete other tasks for the store outside the scope of my department as needed
- Responsible for ordering supplies and keeping track of inventory
- Consistently sell upgrades for requested services, introduce customers to new products and other unexplored options

### **Graphic Artist and Web Developer, Freelance**

03/2010 — Present

*Austin, TX*

- Created an identity for a startup company in Austin, TX, completing print design for business cards, punch cards, and brochures, as well as designing and programming the company's website
- Worked for a local realtor to input financial data, update her personal website, and maintain property listings
- Created an investor presentation website for a local businessman and artist attempting to raise money for a project

### **Graphic Artist, Monkee-Boy Web Design Inc.**

12/2008 — 01/2009

*Austin, TX*

- Worked freelance modifying a previously designed mascot in Adobe Illustrator to be in different positions, including various facial expressions, all to be used on their now current website

### **Web Developer, Manticore Technology Corporation**

02/2005 — 08/2005

*Austin, TX*

- Worked freelance meeting deadlines as designated
- Primarily responsible for HTML updates to news web page and minor changes to other Active Server Pages code
